

# T9 Airless Sprayer

**TriTech**   
MADE IN THE U.S.A.

Hi-Cart Complete  
602-804

## FEATURES:

- Precision Motor Control. PMC matches the motor speed to the pressure and tip size selected.
- No pulsation at any pressure with any size tip.
- No Rust Fluid manifold. Only High grade Stainless Steel and Aircraft grade aluminum is used.
- No cylinder to wear out.
- Long Life fluid manifold.
- Built for professional use.
- All metal construction.
- More powerful PMDC motor results in the lowest amperage use in its class.
- High efficiency motor/controller results in 10% more output than competitive models.
